FICTIONAL training material. All organisations, statements, evidence and dates in this case are simulated.

Supplier reply to analyst evidence request

Q: Can you share the July 2026 penetration-test report? A: We are checking whether a final report can be released; only the 2024 executive summary is currently available.

Q: Can you commit to the four-hour RTO? A: The current documented objective remains twelve hours. We cannot confirm a four-hour recovery commitment.

Q: Is there a current ISO 27001 certificate? A: No certificate has been made available for this review. The questionnaire answer was entered in error.

Q: Will all accounts have enforced MFA before go-live? A: Not yet confirmed; the exception in IAS-2026-03 is still recorded as open.
